## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 7 is rejected under 35 U.S.C. 102(b) as being anticipated by Toyonaga et al (U.S Patent No. 5,896,055).

Toyonaga et al disclose in Fig. 2 an internal configuration of the clock branch circuit including:

a stage (31, 33) to which a plurality of clocks (IN1, IN2, see Fig. 1: CLK signal applied to 2) of mutually different phases are input, this stage (31, 33) generating a plurality of control signals (output of 31, 33) corresponding to transition timing of one clock of the plurality of clocks (IN1, IN2) and to phase differences between the clocks (IN1, IN2);

a switch group (32, 34), whose switching is controlled by the control signals (the output of 31, 33), for controlling charging and discharging of a capacitor (36) wherein the phase differences between the clocks (IN1, IN2) vary the charging or discharging speed of the capacitor (36) by shifting the switch control timings (timing different) of switches in the switch group (32, 34); and

a stage of converting (35) terminal voltage (VIN) of the capacitor (36) to a logic signal and outputting the logic signal (OUT) as recited in claim 7.

In response to Applicant's amendment filed on 7/26/05, the rejection made in the last Office action on the Fujiwara reference is withdrawn.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
